2nd SGPGI OTOPLASTY UPDATE & HANDS ON CARTILAGE CARVING WORKSHOP

25th January 2025,
Library Complex ,SGPGIMS,
Lucknow

Dear Colleagues,

It provides us immense pleasure to invite you all for the **2nd SGPGI OTOPLASTY UPDATE & HANDS ON CARTILAGE CARVING WORKSHOP** on 25th January at SGPGIMS Lucknow.

The construction of an auricle from autologous tissue is highly complex and demanding for the reconstructive surgeon. Depending on the characteristics of the underlying malformation or deformity, there are various surgical techniques available, which in specialized hands, promise regularly achievable attractive and stable results.

This meeting encompasses Master Classes and Hand on Cartilage Carving workshop on various OTOPLASTY Techniques. We aim to cover a wide variety of OTOPLASTY Techniques in this day-long knowledge fiesta, including **Hands on cartilage carving workshop & Operative Video sessions**. We will also present a practical guide in the management of more minor and moderate abnormalities.

We hope you will enjoy the workshop, go home with new experiences and be able to use them in your daily work for your patients benefit right away.

Dr Anupama Singh
Additional Professor , Plastic Surgery
SGPGIMS

Organising Secretary

OUR LOGO

Three pillars represents - TRIPOD of SGPGIMS
1. Patient care 2. Teaching & Training 3. Research

The snake represents the "FLIGHT OF SEA GULL"
(The soaring up the gull)

The span represents the "SNAKE HYGIENE"
(Orig Greek) Patanjali of Hindus

VISION

To be an International Center of Excellence in Teaching, Training, and Research and to provide quality tertiary health care at a reasonable cost.

MISSION

Teaching and training
The Institute strives to provide the country with adequately trained and ethically sound professionals, update curricula to meet future needs, and develop new specialty training.

Research
Our goal is to create an environment that facilitates research by providing state-of-the-art facilities, seed funding, participation in clinical trials, collaborative research projects nationally and internationally, and collaboration between academia and the industry.

Patient care
To provide cost-effective comprehensive specialized patient care transcending international boundaries, by consolidating existing facilities and developing new ones, while supporting national health programs.

आत्मना सर्वो जित
हम अपनी दक्षता ज्ञान योग्यता एवं आत्मिक शक्ति द्वारा जन्म मरणवैय जीवन के कष्ट व मृत्यु पर विजय प्राप्त करें
We asseverate our knowledge skill, competence and spiritual strength to conquest humane suffering of birth, life and death programs.
